That the Japanese line is out for business and in goodly quantities is borne out by the announcement made this morning that President Asano of the big Japanese steamship company would make a trip to the United States as a passenger in the new liner Shunyo Maru that is now scheduled to make her maiden voyage leaving Japan the latter part of August.

The Tenyo Maru that is now a visitor at the port is filled with passengers. The several agencies scattered throughout the Far East are entering on a keen fight for passenger and freight business.

For the first time in many months the Tenyo Maru is carrying sufficient passengers to fill her available first and second class accommodations. In addition to nearly fifteen hundred tons Oriental cargo for Honolulu that vessel has 534 tons freight for discharge at San Francisco. Of this amount, there are 1350 bales of raw silk for transhipment to a fast express train over the new Western Pacific Railway. Honolulu cargo included 2636 packages merchandise, 11,066 sacks rice, a quantity of straw board, Japanese provisions and wine and 1026 sacks beans.

Passer "Billy" Reid was up to his Lloyd mark in work during the nine days' trip across the Pacific. As Reid is a man who it is difficult to rattle, the passengers are loud in their praises of the hundreds of little courtesies shown them during the pleasant voyage.

A three day sport program was launched in which many participated. Passengers leaving the popular ship at Honolulu included 22 cabin, 1 second class, and 145 Asiatics of the latter 106 are Japanese, 12 Chinese and 27 Filipinos.

The Tenyo Maru is to continue the voyage to San Francisco at nine-thirty tomorrow morning the through passenger list including 182 cabin, 49 second class and 145 Asiatic steerage.

Three stowaways were unearthened after the vessel cleared Yokohama, Japan.
